## Hospital Foundation – Chamber Hosts 5th Annual Yadkin Valley Wine Auction

The Yadkin Valley Chamber of Commerce once again sponsored the Yadkin Valley Wine Auction benefiting Hugh Chatham Memorial Hospital Foundation. The auction featured a draw down trip-for-two. Set on the eve of the Yadkin Valley Wine Festival, the auction was held on Friday, May 18th at the newly renovated and refurbished Holiday Inn Grand Ballroom. The wine auction project advances healthcare in our community through an event that was an evening to remember!

The wine auction helped the Foundation's 2007 campaign goal of adding a new regional emergency room and intensive care unit to Hugh Chatham Memorial Hospital. The upgrades will ensure that Hugh Chatham remains in the forefront of

healthcare technology by helping keep our patients in close proximity to their homes.

Wines from twenty (20) regional area wineries were available for tasting and for auctioning at the event. Among other auction items donated were rare wines, trips, jewelry, original art, furniture, clothing, fine dining, decorator items, and many other extraordinary gifts. The menu for the evening was heavy hors d' oeuvres featuring beef tenderloin, shrimp, delicious fruits and vegetables, various cheese selections, and highlighted by a fabulous dessert. One of our community's finest black tie optional annual affairs, the auction was a great opportunity to join in the excitement and contribute to the advancement of your community's healthcare.

# IRA Rollover Signed into Law

*Julia Houthouser Richards is one of many donors who has contributed to the Foundation by gifting funds from her IRA. Mrs. Richards was married to the late Manuel Houthouser, the Hospital's Administrator from 1962 until his death in 1985.*

With the Pension Protection Act of 2006, Congress has provided an opportunity for individuals' age 70½ and older to make donations directly from their IRAs to the charity of their choice. As it currently stands, however, this opportunity is only available through 2007. This provision provides donors with tax benefits and when executed correctly, this is a win-win situation for both the charity and the taxpayer.

The pension reform bill contains other charitable giving provisions that includes a basis adjustment to stock of S corporations contributing property. An S Corporation is a special tax designation granted by the IRS to corporations. Many small business owners and entrepreneurs prefer S

corporation because it combines many of the advantages of a sole proprietorship, partnership and the corporate forms of business structure. One person can form an S corporation, but is restricted to no more than 75 shareholders. The corporation must be formed in the United States and all shareholders must be individuals.

"The Foundation has seen an increase in contributions from IRA accounts since the provision was approved," stated **Jeannette Hendrick**, Foundation Executive Director. "The provision is a huge incentive for giving to charity and Hugh Chatham Memorial Hospital Foundation is deeply appreciative and would like to inform other donors of the opportunity before the provision expires at the end of the year."
